

Notre Dame Learning Center

Wish List

On September 6, 2005, the Sisters of Notre Dame will open Notre Dame Learning Center, a preschool and child care educational program. Hundreds of friends have generously made donations for remodeling, the addition of a playground/patio, and the expansion of the parking lot. Now the challenge is to acquire furnishings, equipment and materials for the classrooms, playground area, staff room and office.

The Sisters of Notre Dame are financially independent from all dioceses and parishes of the Catholic Church, so new ventures such as Notre Dame Learning Center are funded exclusively through the kindness of donors and the simple lifestyle of the sisters. Please consider a donation TODAY to this important cause, knowing that your gift will touch the lives of future generations.
